728 134th Street SW | Ste 128
Everett, WA

Drinks and hearty snacks will be provided at all workshops.

Learn tips and tools to help your clients set and meet financial goals. Workshop topics include:

- Turning a client's financial issues into personal and financial goals;
- Identifying when and how to use spending plans with clients;
- Understanding the basics of credit reports and scores;
- Creating action plans to meet financial goals;
- Information on debt, money management, credit, loans, and savings; and
- Much more!

The Financial Resources workshop will include basic information for all levels. The Financial Coaching workshops are for those wanting to develop advanced skills as a financial mentor and for those interested in training colleagues to offer Financial Resources to clients. We encourage those participating in the Financial Coaching workshops to attend both. All are welcome to attend any or all workshops.

Workshops are free, but space is limited. Pre-registration is required. For more information and to register, contact Samantha Spitzer at sam.spitzer@wdcsc.org or 425-921-3402.
